

Top tips to prevent online stranger danger

Teach your child to...

- 1 **Never give out private information**
- 2 **Never talk to strangers**
- 3 **Never meet an online 'friend' in the real world if you don't know them**
- 4 **Not respond to strange requests from people, especially if you do not know them**
- 5 **Never accept or engage in a message from a stranger**
- 6 **Never share their password with anyone (except with their parents!)**

It's important for parents to...

- 7 **Determine clear family boundaries around tech use and screen time**
- 8 **Check their child's social media behaviour to ensure they're acting respectfully and safely**
- 9 **Do weekly history searches on your child's computer**
- 10 **Have regular discussions with your child about their life online and what sites and apps they're engaging with**
